Subassembly	Compressor

New compressor

We are harmonising the compressors of the TASKI foam generator. Until now we had 2 compressors from different suppliers for the 220-240V/50-60Hz models in our range. With immediate effect only one compressor with a **new** spare part number is available.

New compressor

Installation set

For the mounting of the new compressor an installation set is required

Description	Material number	Remarks
Compressor 220-240V 50-60Hz	4131108 (4690/103)	New spare part number
Compressor 100-120V 50-60Hz	4109460 (4690/51)	Existing spare part number
Installation set	4131817 (56151-90)	New spare part number

Service Information

- | | |
|--|---|
| <input type="checkbox"/> Check parts on stock | <input type="checkbox"/> Return defective parts to Münchwilen |
| <input type="checkbox"/> Proactive exchange recommended | <input checked="" type="checkbox"/> NO proactive exchange recommended |
| <input checked="" type="checkbox"/> Modification is backwards compatible | <input type="checkbox"/> Modification is NOT backwards compatible |
| <input type="checkbox"/> Update/modify machines in the field | <input type="checkbox"/> Entitled to warranty |
| <input type="checkbox"/> Dispose/recycle defective parts | <input checked="" type="checkbox"/> Parts are available ex stock Münchwilen |
| <input checked="" type="checkbox"/> Others | |

The installation set will be delivered with a mounting instruction. Both type of compressors (100-120V such as 220-240V) require the installation set. The new numbers will be amended to the spare parts list.
