

OPERATION

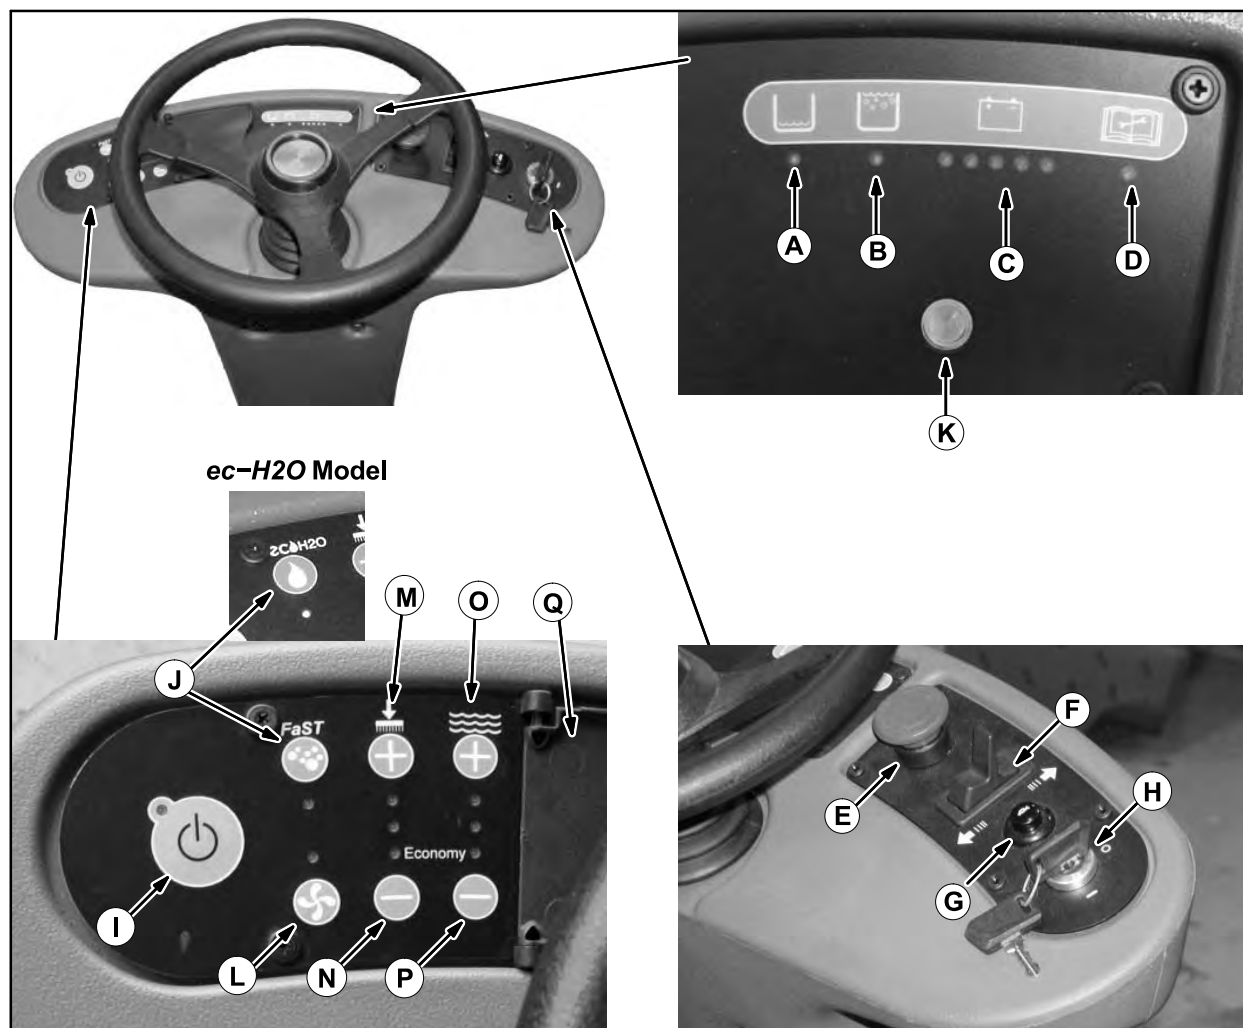

MACHINE COMPONENTS

- A. Recovery tank drain hose
- B. Recovery tank cover
- C. Recovery tank
- D. Operator seat
- E. Batteries
- F. Rear squeegee
- G. Side squeegee
- H. Scrub head
- I. Steering wheel
- J. Solution tank
- K. Tool Box or optional FaST-PAK compartment
ec-H2O System Module (option)
- L. Solution tank fill cap

- M. Solution tank drain hose
- N. Squeegee hose
- O. Front solution tank cover
- P. Hour meter
- Q. Circuit breakers
- R. 100 A Fuse
- S. Battery charging connector
- T. Propel pedal
- U. Brake pedal

CONTROLS AND INSTRUMENTS

- A. Solution tank empty indicator
- B. Recovery tank full indicator
- C. Battery charge level indicators
- D. Fault indicator
- E. Emergency Stop Button
- F. Directional switch
- G. Horn button
- H. On/Off key switch
- I. One Step scrub button
- J. FaST button (option)
ec-H2O system on/off switch (option)
- K. ec-H2O system indicator light (option)
- L. Vacuum fan / squeegee button
- M. Brush Pressure increase button (+)
- N. Brush Pressure decrease button (-)
- O. Solution increase button (+)
- P. Solution decrease button (-)
- Q. Control panel cover
