

Replacing the Side 2D Camera

Power down the unit and disconnect the red battery coupling beneath the seat.

Use a 2.5 mm hex key to remove the screws that secure the control panel or touchscreen depending on if your replacing the Right or Left 3D Camera.

Unscrew the M12 connector labeled CAM_LEFT for the left 2D Camera or CAM_RIGHT for the right 2D Camera.

Reverse your steps to install new 2D Camera.
