Machine Warranty

Statement of Machine Warranty:

RPS Corporation warrants its machines, parts and accessories to be free of manufacturer's defects for the periods specified below. Warranty will be granted at the sole discretion of the RPS Corporation and is subject to final claim and parts review by R.P.S. Corporation and its vendors. Warranty determination will not be made over the telephone.

Coverage, Exclusions, Limitations and Termination

Coverage – All Models sold in the US

- *Parts* - 36 months / 1,500 hours
- *Labor* – 12 months / 500 hours
- *Travel* – 3 months / 100 hours
- *Poly Tanks* – 7 years coverage against leakage due to manufacturer's defect in materials or workmanship.
  NOTE: Freight for replacement tanks covered for the first 3 years.
- *Freight* – Standard truck line freight or standard UPS ground rates for warranty part shipment and return.
- *Batteries – 6 & 12 Volt*
  - Warranty service and coverage is provided through the battery manufacturer.
  - 12 months pro-rated warranty from date of delivery.
  - If the machine is not sold within 60 days of receipt to the distributor, the battery warranty coverage begins 60 days after shipment of the machine from the factory.
  - Charging batteries with a charger not supplied with the machine voids all battery warranty.
  - Batteries with discolored electrolyte are not covered under warranty.
  - Batteries with warped plates are not covered under warranty.
  - Batteries are rated for approximately 500 – 600 charge cycles. Each time a battery is placed on and removed from a charger constitutes 1 cycle.
  - Battery warranty submissions require a "Battery Warranty Form" available on the website.

- *Batteries – Industrial*
  - Warranty service and coverage is provided through the battery manufacturer.
  - 60 Month Full Replacement + 24 Month Pro-Rated warranties from the date of the sale with standard electrolyte formula.
  - Must be charged with the charger supplied with the machine.
  - Failure to maintain the batteries per manufacturer's instructions voids any and all battery warranty.

Exclusions: All Models sold in the US

- *Un-Registered Machines*
  - Machines without a full and complete registration are not eligible for warranty.
- *Wear Parts*
  - Squeegee Blades, Wiper Blades, Skirts and Curtains.
  - Caster Wheels, Squeegee Wheels and Bumpers.
  - Lights (Strobe, Headlights, or Bulbs).
  - Chains and Belts.
  - Filters, Screens, and Vacuum Bags.
  - Motor Brushes and commutator wear.
  - Brooms, Brushes, Pads and Pad Retainers.
  - Hoses and Tubing.
  - Drive Tires, Pneumatic Wheels and Tubes.
  - Rubber Floor Seals and Gaskets.
  - N**OT COVERED:** Routine maintenance, adjustments or parts damaged from abuse, neglect, improper use of the machine, or lack of scheduled "daily, weekly, monthly" maintenance in accordance with our published PM Sheets.
- *Distributor Repairs*
  - Machines are warranted against manufactures' defects only. Work that is performed by distributors shall be warranted by said distributor. RPS Corporation is not responsible for work that is performed by the distributor that fails or any further damage to the machine caused by said work, such as but not limited to, other damaged components.

Limitations: All Models sold in the US

- *Machines*
  - Rental Machines - Rental machines have a 36 month parts only warranty against manufacturer's defect.
  - Demo Machines – Demo machines carry the same parts & labor warranty against manufacturer's defect as new machines do. The warranty begins 6 months after shipment of the machine
- *Parts*
  - Foam Filled Tires – 45 Day warranty from date of shipment.
  - Vacuum Motors – Vacuum motors are warranted against manufacturer's defect by the motor manufacturer for 400 hours or 3 years whichever occurs first. All vacuum motor warranty is void if there is foreign material, water or foam intrusion into the motor or the motor shows signs of overheating.
  - Battery terminals – Battery terminals and cable connections are covered for 30 days from the shipment of the machine. (Battery terminals should be maintained every 30 days.)

- *Labor*
  - Diagnostic time over one hour. If you encounter a problem with a machine that cannot be diagnosed in one hour, call the factory. We will not pay for diagnostic time over one hour unless the further diagnostic time is done in conjunction with factory technical support. Please call the service department @ 1-800-634-4060 for assistance.
- *Travel*
  - Travel is reimbursed at the distributor's hourly reimbursement rate or per mile with a maximum benefit of $150.00.

Termination

- Warranty on a machine can be terminated at the sole discretion of the RPS Corporation for any of, but not limited to, the following reasons.
  - Lack of maintenance on the machine.
  - Unapproved chemicals or detergents are run through the machine.
  - The machine is used in a detrimental environment such as, highly alkaline or acidic.
  - The machine is pressure washed.
  - Machine collision, fall or overturning.
  - Machine is serviced by Non-Factory Authorized personnel.
  - Fraud of any type or refusal to register the machine.

Activating Machine Warranty Coverage

To activate the warranty coverage, the machine delivery form must be complete and submitted to RPS Corporation. A machine delivery form is provided with each machine, it is included with the Operator Manual.

Registration with complete end user information is mandatory due to liability. In the event of a safety update or recall, we need the ability to contact the end user.

No warranty will be paid on unregistered machines. In the event that a warranty claim is entered on a machine that is not registered the claim will not be processed until the machine's registration is complete.

90 DAY NEW PART WARRANTY

New replacement parts are warranted for 90 days from installation against manufacturer's defect in material or workmanship. This parts only warranty is for dealer installed parts. Ground freight both ways is applicable.

CLAIMS

Filing

To file a claim, fill out an electronic claim form that is available on our website. Submit the form electronically or print it and fax it to 888-594-4060. The form will be processed within 48 hours and Return Authorization/Claim # will be returned to the distributor advising of the RA# and whether the failed parts need to be returned to the factory.

Requirements

- Machine must be registered
- Claims must be submitted within 30 days of date of failure.
- All claim information, including the hour meter reading, must be completed.
- If requested, the parts must be returned to RPS Corporation within 30 days after being requested for return. The box and parts should be clearly marked with the RA number.
- In the event the parts requested are not returned to RPS Corporation, the claim will be denied and closed.
- All Battery warranty claims require a completed battery warranty worksheet to be submitted with claim. This form is available in the Distributor login section of the website.

Reimbursement

General

- The claim will be processed within 15 days of requirements met.
- Claims will be reimbursed as a credit memo applied to the distributors open account if a balance is present.
- For Service Houses only: In the event of an account surplus, a check will be issued.

Labor

- Labor charges are reimbursed based on the times listed in the labor flat-rate guide.
- “Certified” distributors
    - Labor is paid @ 80% the distributor’s published shop rate.*
- Non “Certified” distributors
    - Labor is paid @ a rate of $37.50 per hour.

* It is the responsibility of the dealer to report their published labor rate to the warranty department. Annual increases are permitted but cannot exceed the U.S. Federal Government’s Consumer Price index.

Travel

- Travel is reimbursed at the distributor’s hourly reimbursement rate with a maximum benefit of $150.00.

FLAT-RATE GUIDE

How to use

The flat-rate guide is laid out in a matrix form. The guide is divided into 3 sections; Scrubbers, Burnishers and Sweepers. All the repair operations are listed down the left side of the page and divided into categories. You will notice that some of the operations have a gray background. This gray background indicates that these operations are not eligible repairs under warranty. The non-eligible repair times are listed to assist you in determining the proper times required to do each operation.

The times listed in the flat-rate guide are in 15 minute increments and are always rounded up when calculating the time. On the dealers section of the website we have a library of repair instructions for each repair. The repair instructions are numbered the same as the repair code. This library is a work in progress and not every repair has an instruction set. Consulting these instructions will assure that your technician will have the proper tools, equipment and supplies for the operation and that he can complete the operation in the specified amount of time as listed in the labor guide.

If a repair is made that is presumed to be warranty, locate the operation on the left side of the appropriate matrix and then follow it across to the applicable machine’s column. Notate the failure code and the time on the warranty form.
