

## TASKI Jet 38 / 50

### Professional upright vacuum cleaners

TASKI jet 38 / 50 bring you:

- Power and efficiency
- Versatility
- Improved air quality
- Easy and ergonomic transportation

#### Power and efficiency

The dual motor system of TASKI jet 38 / 50 provide an excellent air flow while the high speed brushes mechanically remove dirt within the fibres of the carpet. This delivers a superior cleaning result and enhanced appearance of the clean floor.

The machines are lightweight and easily manoeuvrable which allows a very productive and ergonomic cleaning operation.

#### Versatility

The TASKI jet 38 / 50 can be used in horizontal position to clean underneath beds and furniture. Thanks to its flexible hose, a telescopic tube and a crevice/dusting nozzle it can also be used in areas above the floor.

The brush height is easily adjustable for efficient vacuuming on different types of carpet.

#### Improved air quality

TASKI jet 38 / 50 utilise a modern 5-stage filtration system consisting of double filter paper dust bag, washable filter, exhaust air filter and carbon brush filter.

An optional HEPA-filter is also available.

#### Easy and ergonomic transportation

TASKI jet 38 / 50 are very operator friendly due to the robust and ergonomic handle which is also height adjustable in two positions. The compact design, the light weight and the ergonomically designed carrying handle allows easy transportation from room to room and over steps or stairs.

#### Technical Data

Working width	38 cm / 50 cm
Dust bag capacity	4 l
Weight with cable	7,8 kg / 8,3 kg
Sound level	69 dB(A)
Nominal consumption	900 W / 920 W
Vacuum	16 kPa
Max air flow	45 l/s
Dimensions (L x W x H)	260x380x1200 mm 260x500x1200 mm
Cable length	10 m
Brush speed	5000 rpm / 4500 rpm
Brush adjustment	variable 1-10 mm
Filtration	5-stage
Protection class	II
Approvals	CE/CB Test cert./ NEMKO/cETLus

# TASKI jet 38 / 50

Model	Article number
TASKI jet 38	
TASKI jet 50	

## Accessories

Description	Article number
Radiator nozzle	4080220
Upholstery nozzle	4080230
Double filter paper bag (pack of 10)	8502160
Fine filter motor protection (pack of 10)	8503640
Fine filter exhaust suction unit (pack of 5)	8505110
HEPA filter	8505180
Tapi deo (airfreshener for vacuum cleaners - pack if 5 x 8 pcs.)	7513349

## The little extras:

A dusting and crevice nozzle are attached to the machine in direct reach of the operator.

The ergonomic, height adjustable handle with hand protection and a telescopic tube with a 1cm step adjustment enable a non fatigue operation.

The brush can be changed without tools and a warning light indicates when the dust bag is full or the brush setting is incorrect.

TASKI jet is manufactured from highly-impact resistant ABS for a long lifetime.
